### County Had 104 Manufacturing Places In 1960

Industrial statistics released today by the Pennsylvania Department of Internal Affairs showed Adams County to have had 104 manufacturing / establishments which employed 7,321 persons in

Secretary of Internal Affairs Genevieve Blatt said the report on Adams County was one of a series compiled by the Department's Bureau of Statistics for the purpose of providing each of Pennsylvania's 67 counties with a look at its manufacturing ac-

Adams County statistics show that the dominant industries were leather products and food and kindred products. These two industries accounted for 53 per cent of the total employment, 50 per cent of the wages and salaries, 62 per cent of value of production, 59 per cent of value added and 47 per cent of all capital expenditures in 1960.

STATISTICAL SUMMARY The complete statistical sum-

Major industries: Leading industries in Adams County in 1960, based on employment, were leather products, food and kindred products, rubber and plastic products, and apparel products.

Employment: The county's 104 establishments manufacturing employed 7,321 persons in 1960. The leather products industry accounted for 28 per cent of the total manufacturing employment. The food and kindred products industry accounted for 25 per

Payrolls: Adams County's manufacturing establishments, distributed among 18 major industry groups, paid a total of \$22,246,200 in wages and salaries (Continued On Page 2)

# C-P CANVASS

Schwenk, 461 Baltimore St., as chairman of the annual Cerebral Palsy campaign in Adams County was announced today by Leslie D. Parks, executive director of United Cerebral Palsy of Pennsylvania.

Mrs. Schwenk said she anticipated securing 250 canvassers throughout the county within the next few weeks to take part in a 53-minute campaign on the evening of September 15 to raise \$2,500 for cerebral palsy in Adams County.

The county chairman said present plans call for the door-todoor canvass to be made during the period from 6 p.m. to 6:53 p.m. on September 15. The 53minute period was chosen to dramatize the fact that every 53 minutes of the day, every day of the year, someone is stricken with cerebral palsy-a disease for which there is still no cure. #### Hoodlums Rob Wishing Well

Thieves "robbed" the Adams County Heart Association of between \$30 and \$50, it was learned this morning.

Visitors to the Horse 'N Buggy Museum, Harrisburg Rd., take delight in tossing coins into a wishing well on the premises. Each year the well is cleaned and the money donated to the heart association.

Wednessday night hoodlums, jumped the fence around the museum, and "cleaned" out the well. A spokesman at the museum said he feels certain the loot will exceed \$30 and very likely "could total \$50." Hoodlums also "robbed" the wishing well last year.

### Jaycees, Post To Host Dinner Here On Sept. 27

"Campaign Gettysburg." sponsored jointly by The Saturday Evening Post and the Junior Chamber of Commerce, will be introduced to civic and business leaders at a kick-off dinner for the restoration and redevelopment project to be held on September 27.

Dr. Milton S. Osborne, head of the department of Architecture at Pennsylvania State University, will outline the various facets of the restoration plan. Merchants will be shown more than 150 sketches of downtown business places with suggested changes to restore the architectural appearance of the community in keeping with its distinctive personality and historical importance in he nation. Businessmen will be encouraged to carry this restoration work into the interiors of their places of business. Further details of the restoration plan will be outlined by John G. Pontius. building products marketing manager of The Saturday Evening of the operation for the Jaycees. OPENING IN 1962

"Campaign Gettysburg" is the first in a series of "Operation Re-Do" projects, launched by The Saturday Evening Post with the joint sponsorship of individual civic groups for the redevelopment of more than two thousand towns throughout the country. Following "Campaign Gettysburg" a "Plan Book" for town redevelopment will be drawn up and distributed to mayors, town councils, and various civic groups throughout the United States.

A formal opening of the "new" Gettysburg is scheduled to take place next June.

#### Tear Gas Issued Yanks In Berlin

BERLIN (AP) - American officers handed out tear gas grenades to a U. S. detachment guarding the West Berlin border today after Communist forces loosed a stream of water against photographers.

A witness said two American soldiers were hit by spray and the water was quickly turned off when one reached for a grenade. Western troops have orders for everyone to stay 100 yards back of the border.

The incident at the Fredrichstrasse checkpoint, which ended without further Red action. came as a Soviet note was released charging that the Western Allies were abusing use of their air corridors to Berlin.

## Despite Heavy Losses, Tough Schedule, Delone **Expects Good Grid Year**

The Sportsman-Modified feastockers will go the usual 25 laps around the high-banked Pigeon Hills oval.

Lincoln will hold its 15th jalopy card this Saturday at 8, and continue its weekly arc-'ight schedale through September, according to an announcement by Hilly Rife,

Rife has lined up a fireworks display for September, 2, and designated the September 16 S-M feature as the Langhorne Qualifier, Winner of the Qualifier gets an automatic berth in the National Sportsman-Modified Championship October 8 at famed Langhorne Speedway, near Philadelphia.

In addition to the jalopies, there will be kart racing and a destruction derby on Labor Day.

of the finest young high school football coaches in the area, is starting his third season this year Gettysburg College last June.

Kempton has made five position a double-point racing program on Monday, September 4, with the Labor Day slate getting under changing systems, but only to fit the players he will be working with in a particular season. The ture has been extended to 35 laps Squire defense will remain the for the occasion. The strickly same, depending on the offenses used throughout the year.

Delone lost 12 Seniors last season including seven starters. Returning are five lettermen but seen considerable action during forced to move Dick Rosensteel. 6'2", 187 pounds, from end to quarterback to fill the gap left by Don Hartlaub. To bolster the moved Flavian Smith from tackle to end; Don Price from center to tackle, and Mark Long from guard to center, Bob Conrad was switched from quarterback to halfback

#### **GUARDS STRONG**

Kempton is well pleased with his guard situation and considers that post the strongest on the squad. Gerry Loss, 5'11", 172 pounds, and Mike Miller, 5'9". 155 pounds, are receiving tough competition from Junior John Gallagher, 5'10", 175 pounds, for the starting position, but all three will see plenty of action.

The Squires have three men at each outside line position, all with equal ability. The ends will include Bill Timmins, 6'1", 188 pounds, and Frank Linn, 6', 175 pounds. Both Seniors will be backed by Flavian Smith, 5'10" 170 pounds, and defensive end Dan O'Brien, 5'9", 150 pounds. San Francisco 14, Cincinnati 0 O'Brien will play offensive halfback. Linn is one of two talented Gettysburg gridders playing on the Squire squad this season. Kempton says Linn is a good, tough competitor with a good knowledge of his position.

Don Price, 5'9", 180 pounds; Pete Giraffa, 5'10", 190 pounds, and Mike Smith, 5'10", 170 pounds, are battling for the tackle slots. Mark Long, 5'10", 165 pounds, is the leading contender for center.

Los Angeles at Cincinnati (N) Roger Sanders, who has come along fast and Sophomore Steve Little are giving Rosensteel a rough time for the quarterback post. Mike Melhorn, 6', 190 pounds, and Dennis Hagerman, 6'1", 183 pounds, are the top choice for fullback. Both men are excellent fullback material and should be able to pick up the extra yard or two when needed.

#### HAVE GOOD DEPTH

Kempton will have good depth at halfback. He feels that he can put two equal sets of halfbacks in the game. Dick Wierman and Ed Keffer are the leading choices with Charlie Elder and Bob Conrad falling in right behind. Also giving a lot of competition for the post are Dan O'Brien and another Gettysburg boy, Sophomore Larry Riley.

Delone has a well-rounded football machine in operation and despite its tough schedule, will give the opposition plenty of trouble.

Kempton said, "I'm not really optimistic, but first I must see what we can do in scrimmage. We're going to have to be in the best of condition to meet our tough schedule." The schedule: September 8, Hanover, away;

> "LINCOLN'S BIRTHDAY" "Today is the birthday of Abraham Lincoln, 16th President of the United States, who was born in 1809 on a Ken-

tucky farm. "Lincoln was a man who grew up in a land of high hills and deep gorges, an area of rocky, unfruitful soil, where the furious washing of heavy rains in the hills would sometimes sweep new plantings clear off the fields. In such a countryside, his childhood was

'What this upbringing meant to the United States can never be accurately assessed, but this much is certain - the advertising of such an adolesence must certainly have instilled within Lincoln the conviction that a man's problems are his own.

"This kind of reasoning, which in stark fashion must have sustained him in some bitter and lonely hours, goes further than the mere assumption of an obligation. It not only means that people should take care of themselves if they can, but that there is an implied privilege in self-sufficiency

"Lincoln said as much, many

"What Lincoln felt about individuals, he also felt about States. In his first inaugural address, March 4, 1861, he said, 'The maintenance inviolate of the rights of the States, and especially the right of each State to order and control its own domestic institutions according to its own judgment exclusively, is essential to that balance of power on which the perfection and endurance of our political fabric depend . .

"There is no more fitting occasion than this anniversary of Lincoln's birth to consider to what degree this principle, so logically and eloquently expressed, already has been diluted during these intervening

"It is interesting to wonder what Lincoln's attitude would be toward a national government that each year 'solves' more State and individual problems through Federal intervention financed by additional taxes?

"What would be his opinion of a Supreme Court hat has denied the States the right to prosecute sedition and treason, that has overruled a municipality's right to fire an employe?

'Most important, perhaps, what would be his reaction to a nation of Americans who have come to like being 'taken care of' so well that Socialistic procedures and practices now have become firmly entrenched as part of the philosophy of both major political parties?

"All this is worth thinking about, for there is a serious question as to whether our life and times may have changed so much since Lincoln's as to render largely invalid the beliefs of so able a President.

"It is one thing to preserve the Union, to keep the Federal Government strong and respected, which Lincoln certainly sought to do more than any other President in history. It is another matter, however, to assign to the Federal Government more strength than it needs or should have, with the result that the States no longer 'order and control' their domestic institutions, nor do the people of those States then retain the right to shape their own destinies.'

# Head-On Crash

HOLLIDAYSBURG, Pa. (AP)two-car head-on collision on Route 22 near here Wednesday killed four persons.

Mr. and Mrs. Gottfried Abram of Briarcliff Manor, N. Y., and Correl Perkins, 47, of Newark N. J., were dead on arrival at Mercy Hospital in Altoona after the crash about five miles east of this Blair County town.

Joseph L. Moore, 48, of Patterson, N. J., died several hours after the collision. State police said the cars collided as Moore was trying to pass

# School Reorganization And Education Tax Bills Pass House; Expect Senate OK

HARRISBURG (AP)-Dernocratic leaders went to work today to line up enough Republican votes to assure passage of \$23 rnillion in new taxes to finance education

The tax bill-a 2 per cent levy on dividends, capital gains and royalties-was approved by the House Wednesday on a party line vote of 107-96. Two Democrats joined solid GOP opposition.

Assemblyman Francis Worley voted against both the reorganization and the tax bill. He said a majority of the school administrators in the county and many directors had asked him to oppose the reorganization measure.

A Republican Senate source indicated there may be two and possibly three GOP Senators ready to give support to the measure. The Senate is split 25-25, meaning the Democrats must have GOP help to win a 26-vote majority. TWO TIED TOGETHER

Meanwhile, the GOP sources indicated a bill reorganizing Pennsylvania's 2,244 school districts in to some 500 large units also would win speedy final legislative action in the Senate next week.

ucation tax bill, was approved 108-94 by the House Wednesday, a scant 25 minutes before the re- This seemed to be suggested in

As now written the ball would require lobbyists merely to register. The original version of the oill would have required lobbyists o file reports on their financial activities in attempting to influence legislation.

Strip Mines - The Senate recalled from the House and then amended a bill regulating the backfilling of strip mines. The newly-amended version--considered the final compromise on the controversial measure-was approved 48-1 and sent back to the House for agreement on the thanges.

As now written the measure would allow bituminous operators io mine right up to the edge of highways, provided they backfill the strippings completely to a disance of 750 feet.

### East Berlin

MRS. JANE MILLER Phone 2566

EAST BERLIN-The Ira Myers family held a family picnic Sunday at the home of Mr. and Mrs. William McCleaf, Fairfield. Those attending were: Mr. and Mrs. Ira Myers, Mrs. Mary Forsythe, Mr. and Mrs. William McCleaf and children, Billy, Shirley Ann, Tommy and Joseph, Mr. and Mrs. Donald Myers and children, Joanne, Donald Jr., Michael, John Paul, Alan and Stephan, Mr. and Mrs. Luther Myers and children, Donna Jean and Ronald; Mr. and Mrs. Robert Myers and daughter, Carole, and Mr. and Mrs. Rich-

ard Myers and son, Richard III. The East Berlin 4-H Stitcherottes held a fashion show recently on the lawn of Mr. and Mrs. Robert Gregory, W. King St. Mrs. Gregory gave greetings and Gail Boyer led the group with the 4-H pledge after which, the girls introduced themselves and their parents. Miss Boyer then called each girl individually to model her skirt. The following persons attended: Mr. and Mrs. Robert Peffer and children, Mr. and Mrs. Harold Cramer and daughter, Mrs. Lloyd Harbold and daugher, Mrs. Vernia Harris and daughters, Mrs. Roy Boyer and daughters, Mrs. Harry Fair, Mrs. Robert Frigm and daughters, Mrs. Lee Miller: Mrs. Raymond Tribby and daughters; Jeanne Jacobs, Carole Gable, Bonnita and Debra Lusk. The girls also attended 4-H Round-up.

Two thousand men have been trained as lighthouse-keepers at the Coast Guard Training Station. Groton, Conn., since 1914.

NEWBURGH, N. Y. (AP) -The law officer presiding at the courtmartial of Col. William M. Banks, 46, today found him innocent of neglect in the collapse of a Texas tower in the Atlantic Ocean Jan. 15.

The finding still is subject to approval by the board of officers of the court. The court recessed after the

finding by Col. Jean Rydstrom and was to resume later today for a decision by the eight officers comprising the board.

The prosecution concluded its arguments at 9:30 a.m. and the defense immediately moved for dismissal of the charge.

The collapse of the tower in a storm off the New Jersey coast cost 28 lives.

The National Rifle Association of America has adopted a Hunter's Code of Ethics, to which it urges its members to subscribe. The principles in this code are also combined with an identification card to be given to the landowner when seeking permission to hunt on his property. This is another effort by organized sportsmen to open more privately owned land to hunters who pledge themselves to respect property rights, safety practices, game laws and good conservation principles.

The codes states the follow-

1. I will consider myself an invited guest of the landowner, seeking his permission and so conducting myself that I may be welcome in the future.

2. I will obey the rules of safe gun handling and will courteously but firmly insist that others who hunt with me do the same. 3. I will obey all game laws

and regulations and will insist that my compansions do like-4. I will do my best to ac-

quire those marksmanship and hunting skills which asclean, sportsmanlike kills.

5. I will support conservation efforts which can assure good hunting for future generations of America. 6. I will pass along to young-

er hunters the attitudes and

skills essential to a true out-**NEW YORK EGGS**

One of Cadillac's most appreciated qualities has long been its extreme maneuverability for a car of such stature. A current example of this emphasis on handling ease is a new 1961 front end suspension system which permits a turning diameter importantly less than any other car of comparable wheelbase. Cadillac's superior handling ease quickly becomes evident behind the wheel-as does the incomparable seating comfort you enjoy as driver of the "car of cars."

# MISS HOPKINS Saboteurs Battle **BACK IN FILMS** AFTER DECADE

By BOB THOMAS

AP Movie-TV Writer HOLLYWOOD (AP) - Miriam Hopkins, that 60 m.p.h. talker from Savannah, is back making a movie after a decade off the

own aunt. Explanation: In "The mostly thick mountain forest. Children's Hour," she is the aunt of Shirley MacLaine, who has the role Miss Hopkins played when ano but there was no damage, the Lillian Hellman drama was filmed in 1936 as "These Three."

Complicated? You bet, So is listening to Miss Hopkins, who almost anything. The best way to in mayonnaise and pickle relish interpret her is to turn the tape on and pick selecions at random: "SILLY LITTLE THINGS"

"The earlier picture? Oh, dear, we're not supposed to talk about that. No, I guess it's all right, because I heard Willie Wyler (who directed both versions) talking about it on the set.

"What do I remember about #? Silly little things having to do with a woman's vanity. I remember one train scene in which I wore one of those hats that clung to the head and came down over one eye. I remember telling myself, 'Oh, goodie, now I'll look like Marlene Dietrich'

"Me temperamental? I never was. Proof of that is that I made four pictures with Willie Wyler, who is a very demanding director, I made two with Rouben Mamoulian, who is the same. Two with Ernst Lubitsch, such a dear man.

#### "WONDERFUL TIME"

"Has Hollywood changed? Honestly, I wouldn't know. I've kept eoming out here to do TV shows and stage tours, so I wouldn't be able to see the change.

"But I seldom lived here. I've had a New York house for 24 years. I remember how angry Sam Goldwyn was when I bought it after signing a contract with

"I'm having a perfectly wonderful time on the picture. Shirley MacLaine is great fun and Audrey Hepburn is a dear. And James Garner-. I heard him and Audrey rehearsing a scene one day. I closed my eyes to see if it rang true. I said to myself, 'Yes, young man, you're going to make it."

#### Farmer, 103, Gets Married 7th Time

CLINTWOOD, Va. (AP)-Booker Wright, 103, leaned just a little on his cane as he stood before the minister and repeated his marriage vows.

The retired farmer from Virgie Ky., was married Monday in the Clintwood Baptist church to Elsie Coleman, 65, of Pikeville Ky., the seventh marriage, the bride said, for each.

Asked where they would spend their honeymoon, Wright replied: "She's all the honeymoon I want We're going home.

# DIVIDENDS IN RANGER I ARE

-Scientists counted some dividends from the Ranger I satellite today although it didn't probe as deep into space as intended.

The spacecraft, followed close ly by the Agena "space platform" from which it was launched, is whipping around the globe every 91 minutes with a frustrated sunsensing device.

The Agena-second stage on an Atlas-Agena booster rocket-was blasted into a so-called "parking orbit" Wednesday. It coasted through space until it reached a desired position from which to launch Ranger into a projected orbit reaching half a million miles into space.

But instead of firing for 11/2 minutes as planned, the Agena ignited only briefly. This was just enough to separate Ranger from Agena, but not enough to increase its speed from 17,400 miles an hour to the necessary 23,800. WAS MISCONCEPTION

So the two vehicles, traveling close together, spun into nearearth orbits ranging from 105 to 312 miles above the earth.

Officials at first believed the test was a failure because Ranger was not relaying data as it sped far into space on a mission de signed to study methods of launching future unmanned and manned vehicles to the moon and beyond.

But as telemetry data was analyzed, scientists reported the No 1 Ranger experiment-an attitude stabilization system which seeks the sun-was performing perfectly under unexpected conditions.

The attitude stabilization system, being flight-tested for the first time, may be the key to guiding future space vehicles.

## REVERSAL ON FOOD STAMPS

PITTSBURGH (AP)-The federal food stamp plan no longer has the endorsement of the Penn sylvania Association of County Commissioners.

Instead, the group will study further the plan, which is under test in eight areas in the nation. including Fayette County, Pa.

The commissioners had endorsed the food program Tuesday after hearing about its operation in Fayette. They rescinded the endorsement after it was brought up again Wednesday in the closing session of their 75th annual con-

vention Delegates from several small counties revived the issue, saying they hadn't wholly understood the original resolution

At the same time, however, the commissioners approved a resolution thanking the Federal Government for using a Pennsylvania county in the experiment

The delegates also asked that the association investigate the feasibility of employing the controversial Newburgh, N. Y., welfare plan in Pennsylvania coun-

## **Use Peaches** For Dessert

Before they become too soft and dark, make Peach Crumble Supreme with those fresh Adams County peaches that have been piled up in the fruit bowl a bit

The dessert is a simple one, yet it has the same appetite pleasing quality of the well known cheese and fruit tray which so many persons enjoy at the end of a meal.

In this instance the fruit and cheese are baked with a crumbly brown sugar topping

The cheese used is American bleu, one of the most flavorsome of dessert cheeses obtainable today. You'll find the creamy, salt and pepper flavored cheese lends a subtle contrast to juicy, sweet

PEACH CRUMBLE SUPREME (Six Servings)

10 medium size, fresh peaches 1 teaspoon cinnamon 1 teaspoon grated orange rind

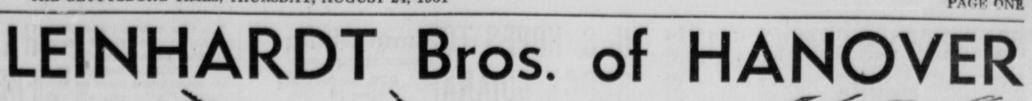

1/2 cup butter 1 cup sifted all purpose flour 1/2 cup firmly packed brown sugar 4 cup crumbled American bleu

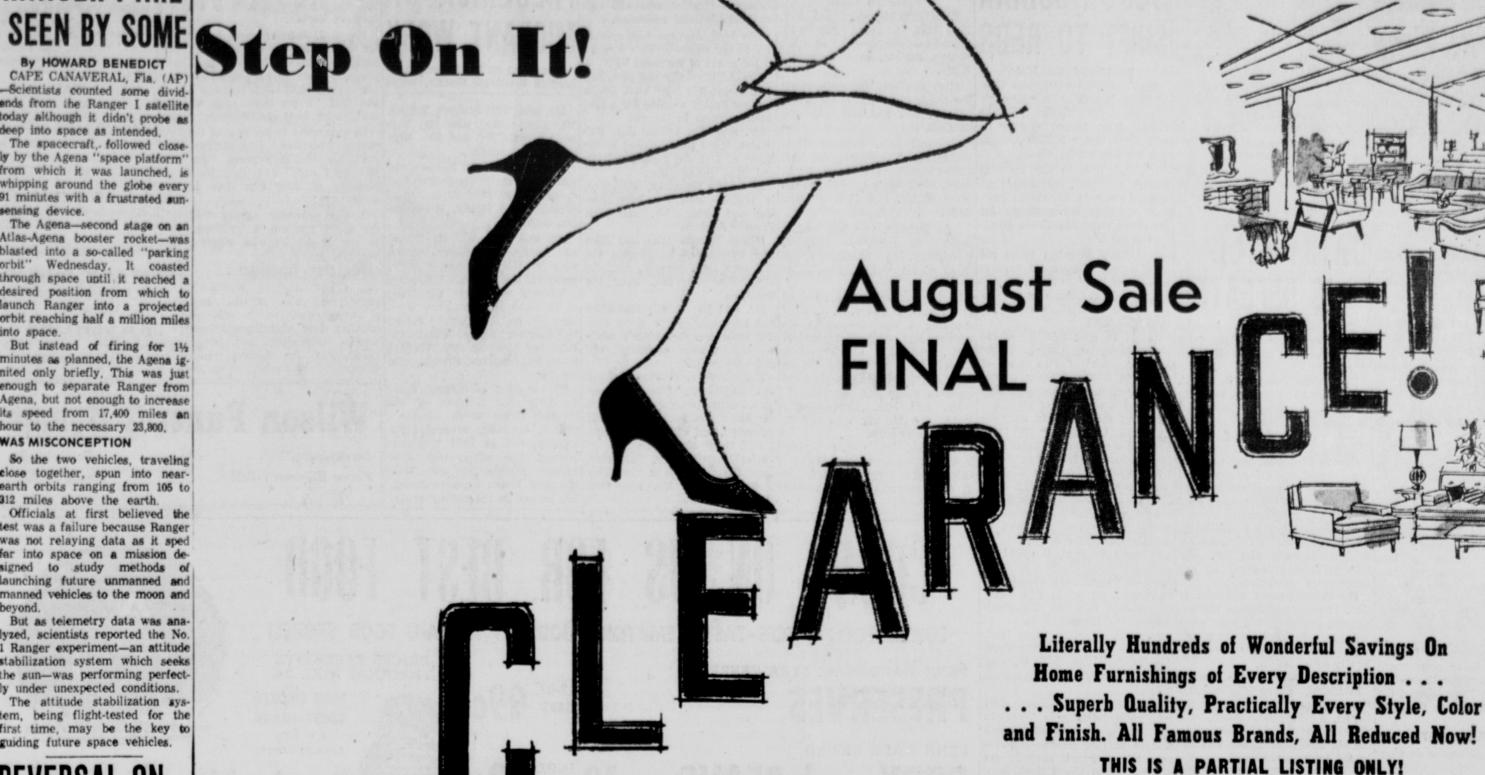

cheese (about 11/4 ounces) Peel peaches and slice them directly into a quart baking dish Sprinkle mixed cinnamon and orange rind on the fruit, stirring lightly to mix. Cut butter into flour to make a crumbly mixture. Cut in brown sugar, Sprinkle all but three tablespoons of the mixture on top of the fruit. Bake at 350 degrees for 30 minutes. Mix remaining mixture with the crumbled bleu cheese and sprinkle on top. Continue baking about 10 minutes longer or until cheese barely melts. Serve warm with thin cream.

## "Time Of My Life"

# Sailing My First Command

of life's greatest satisfactions is the knowledge of a difficult: job well done. It gave Adrn. Chester W. Nimitz one of the big moments of his Navy career. He tells about it in the fourth of six articles on "The Time of My

By ADM. C. W. NIMITZ (For The Associated Press) The happiest day of my life, of course, was when I married my wife.

Satisfactory moments that can remember, quite naturally include the day on the Missouri when we stood on the deck and vvatched the Japanese come aboard to surrender, It was most satisfiactory because the war had seemed interminable at times. In fact, there had been occasions when the final outcome had been some what in doubt.

A naval officer naturally enjoys great satisfaction during moments when he is aboard ship, sailing his own ship, his first command,

My first command was the Panay', not the gunboat which the Japanese later sank, but the ex-Spanish gunboat which I had in 1906. I was a midshipman at the time. Midshipmen then served six years before becoming ensignsfour years at Annapolis and two years at sea.

# AMC CONTRACT

By DWIGHT PITKIN DETROIT (AP) - Walter P. Reuther, president of the United Anne X. Alpern, justice-designate and Schools.

Auto Workers, is snubbing the of the State Supreme Court, in Big Three car makers and court- the \$20,000-a-year post. ing little American Motors Corp. in the home stretch of labor contract negotiations in the auto in-

His strategy appeared today to be to persuade American Motors to improve on its profit-sharing offer, make a quick settlement with AMC and then use it to pry out from General Motors, Ford and Chrysler something better

than they offered Tuesday. Reuther called the Big Three offers-identical except in minor detail-"woefully inadequate."

#### 21-CENT INCREASE

GM, Ford and Chrysler offered a minimum 21-cent hourly in crease in wages over the next three years and fringe benefit improvements which the union said would only cost the companies a cent an hour. The companies said the fringe benefit costs would be substantial.

Auto workers now average \$2,80 an hour plus fringe benefits of between 35 and 40 cents.

Present contracts at the Big Three expire eight days hence. The AMC contract runs out a week later.

The Big Three rejected Reuther's profit-sharing proposal in 1958 negotiations. Reuther did not revive this year. Instead, he made salaries for hourly workers and a shorter work week key goals.

#### OFFER CUT OF PROFITS

AMC surprised the union last month with a proposal to give workers a 10 per cent cut of profits before taxes after deducting 10 per cent of the company's net worth for stockholders. AMC offered a seven-cent hourly wage increase annually over the next three years. But it asked the union to scrap cost-of-living increases and annual improvement factor wage increases of 21/2 per

The company figures its net worth for stockholders at \$220 million and 10 per cent of this would be \$22 million.

The Big Three offered to renew the 21/2 per cent annual improvement factor and the cost-of-living escalator in present contracts. But they proposed limiting costof-living increases over the next three years to a total of six cents. In the past three years UAW members have accumulated costof-living increases totaling sever

## Family Food Facts

AREA MARKETING AGENT Harvest-time abundance ha lled produce counters to over flowing with a wide variety of

resh fruits and vegetables. While the wholesale market suffers the blues with the season's lowest price levels, foodshoppers exper ience a buyers delight, reports Tom Piper, Penn State Extension Marketing Agent.

Sweet corn is the outstanding buy in fresh vegetables this week. There are many other good buys such as eastern grown round type potatoes, carrots, tomatoes, snap beans, peppers and eggplant. Most other salad type vegetables are good buys too. Wholesale prices for most of these vegetables are at the lowest point reached in many months. Cabbage and large Spanish-type onions are about the only exceptions, wearing temporarily higher price tags. Local harvesting of fresh peaches places this item in the feature spotlight at the fruit coun-

ter. This is the season for canning and homemakers will find the popular Sun High, Triogem, Hale Haven, Golden Jubilee and South Haven varities available now and well suited for this purpose. The good-cooking Rambo apple is in plentiful supply and has reached the point of maturity where it is good for eating fresh.

Watermelons are better in quality than they have been for many seasons and the small sizes offer most economy. Honeydew, Persian. Crenshaw and Casaba melons are reasonably priced too. Cantaloupe prices may move slightly higher on reduced shipments from the west; rains have caused some loss of quality in eastern cantaloupes. Best buy among grapes is the Thompson seedless, now larger in size because of recent developments in he science of growing them. Banana prices have been reduced in an effort to compete with the

abundance of other available

The outlook for meats is basically unchanged from last week. Broiler-fryers, small turkeys, and fore-quarter beef cuts will offer the most economy this weekend. Fresh pork picnics will be good buys too and some stores will feature steaks and lamb at bargain prices to stimulate trade. Fire Chief Amazed Small sized eggs are a clear-cut consumer value and a very eco-When Truck Stolen consumer value and a vernomical source of protein.

AZTEC, N.M. (AP)-While Fire are currently best buys in sea-Chief Bill Smith and his men in- food. Shrimp and lobster tails are vestigated fire damage to a truck quoting at higher prices.
